

Do you know what it takes to be a responsible dog owner? Cut out and make our special Dogs Trust fortune teller to find out how to be a responsible dog owner. Or make your own using our blank template on the next page.

How to Play: **1.** Find a friend. Ask them to pick a colour or a number. Work the fortune teller back and forth as you count up to the number (1, 2, 3, 4) or spell out the letters in the word (blue). **2.** Now ask them to pick one of the numbers on view inside the paper fortune teller. Then work it back and forth again as you count up to the number (1, 2, 3, 4). **3.** Now ask them to pick one of the numbers on view inside, raise up the flap and reveal the message!

Use our template to create your own fortune teller. Here's how to make one:

1. Cut out the template.
2. Place it down with the blank side facing you.
3. Fold each corner into the middle to create a diamond shape.
4. Turn it over so the side with the Dogs Trust logo is facing up.
5. Fold each corner into the middle again to create a diamond shape. Now you will only see the numbers.
6. Turn the diamond so it is a square facing you. Fold in half, bottom up to the top.
7. Then fold in half again.
8. Unfold, and now you can slip your fingers and thumbs underneath the flaps to work your fortune teller.
